

The Project is not located within and will not affect New York State's coastal area, as defined by New York State Executive Law, Article 42, § 911, or an area with a State-approved Local Waterfront Revitalization Program (LWRP) or other special area management plan developed pursuant to the New York State Department of State regulations in 19 NYCRR Part 600 - 603. Therefore, no consistency determination is required.

The Project would not directly or indirectly affect any area protected under the state's Coastal Barrier Resources Act and is not located in or near a coastal area under federal jurisdiction.
